[www.ssatechno.in](http://www.ssatechno.in)

We are one of the leading organizations in the domain of offering services and products for the construction industry. These services are appreciated for features like client specific solutions, reliability and timely execution.

# A b o u t U s

Established in the year 2004, **SSA Techno Construction Private Limited** is engaged in offering services and products for the construction industry. We are one of the few total solution providers in the country and have emerged as technological leaders in the Indian construction industry.

Our sourcing offices are located strategically in the cities of Vadodara, Jaipur & Kota (India), which help us to provide efficient and timely solutions to our clients, based in various parts of the country. Our sophisticated methodology and effective techniques have enabled us to meet the demands of numerous sectors including architectural, structural and hydro projects, including airports, mass transit systems, shopping complexes and corporate development projects. Further, with the assistance of our experienced and skilled workforce, we undertake, design and execute projects, based on the demands of our valued clients.

We have grown by leaps and bound and expanded our business activities under the able leadership of our mentor **Mr. Ashok Kasana**, who holds extensive experience in this domain. Due to her professional approach, we have successfully established a vast clientele, nationwide. Some of our well-known clients include **Delhi Metro Rail Corporation, B.L.Kashyap & Sons Ltd, Jaypee Greens Limited, Bhayana Builders Pvt.Ltd, DLF Iaing O'Rourke (India) Limited, AFCONS, L & T ECC Division, CEC, Gammon, DSC Ltd, Nagarjuna Construction Company Ltd., ESCORTS Limited (R & D), Vijai Electrical Limited (Haridwar), Era Construction (India) Ltd., Ahluwalia Contracts (India) Limited, Jaipuriya Group( Indirapuram Ghaziabad, UP), Skyline Engineering & Contracts (India) Pvt.Ltd, Advant IT Park Limited (G.Noida) and Many More.**
